

Celebrating Capacity Optimising Outcomes with Nairn Walker

About us

Supporting practitioners and services to be able to effectively identify the capacity that clients have and harness this to increase competence, creating beneficial outcomes for all. Participants will identify key principles of practice and apply them to their personal and professional settings.

Why us?

Educator Nairn Walker has spent 30+ years working across the globe. Her intensive two-day workshop explores key constructs for understanding human behavior to inform strategies, increase engagement, and optimize program design, policies and procedures.
